Nash Brothers Hosts Interns

Nash Brothers will host two interns from After School Matters this summer. Mary Ellen Carron, Chief Executive Officer of After School Matters has written,

“At Nash Brothers Construction, these teens have been learning about the administrative side of the construction business. The interns have been reconciling inventory, completing business reports, and composing presentations to summarize the expense of specific projects for future use by Nash Brothers. This experience has been wonderful for these teens and they both have bright futures ahead!”
