

CONSTRUCT GRADUATION

The seventy one Construct students could not have had a more beautiful morning or an inspiring venue to celebrate their graduation from the program. The ComEd Chicago Training Center served as the setting as each student received his/her diploma. It is an honor for Nash Brothers to join ComEd, Nicor Gas, and Peoples Gas to assist others in achieving a dream of finding not just a job but a profession. We are thankful to have been invited by ComEd to join their leadership in this endeavor.

Safety News

Tony Friedsam, Vice President and Safety Director, and Michele Kryszak, Assistant Safety Director, accepted a safety award given to Nash Brothers from the Underground Contractors Association of Illinois. The award is 'For Recognition of Management's Commitment to Safety Excellence.'

Nash Brothers has worked 584 days injury free. There are no OSHA recordable incidents or motor vehicle incidents. Nash Brothers has been event free for 232 days.

Contractor Positive Language Positioning Training

Nash Brothers had the opportunity to attend a 'Contractor Positive Language Positioning Training' sponsored by Peoples Gas. We were happy to accept the invitation and enjoyed a morning listening to Ronnie Lindsay, a dynamic and inspiring speaker. It was a morning spent confirming that at the core of every successful business are employees who take pride in their work and who respect their customers.

Behind the Scenes with Ed Schubert

Thirty five years ago, Ed Schubert began his career at Nash Brothers. After time in the field, Ed was asked to supervise the organization of material and equipment at Nash Brothers' facility in Chicago. We are glad he accepted this challenge!

Ed works with the superintendents and the foremen reviewing the scope of each project in order to ensure that all needed equipment and material are ready for each job.

Ed also maintains an inventory list of each type of material which is updated on an ongoing basis. This allows Nash Brothers to respond to work that is assigned quickly or to emergency work.

Ed enjoys taking long motorcycle rides on the weekends.

We thank Ed for his many years of service to Nash Brothers! His attention to detail, his organizational prowess, and his excellent mechanical skills, provide Nash Brothers with a well-run and productive yard.
