

Employee of the Month

Michele Rodriguez-Kryszak

Michele Rodriguez-Kryszak began working for Nash Brothers as a laborer. Her careful work and interest in safety measures were quickly noticed. Michele was encouraged to pursue becoming an accredited safety professional and supervisor; while pursuing her goals, Michele gained experience working for other companies. Ms. Kryszak returned to Nash Brothers having served as both a safety auditor and a teacher. As Michele accepts the position of Safety Director at Nash Brothers, she brings enthusiasm for writing programs, training colleagues, and overseeing the excellent safety practices Nash Brothers has always made its priority. When not at Nash Brothers, Michele may be found on her farm in Wisconsin. Michele uses her land as a safe haven for rescue animals; she has rescued horses and cared for many dogs while finding them permanent homes.

Thank You

Maureen Passarello is not only known for her exceptional organizational skills, but for her extraordinary baking talents as well. Often in the morning, a delicious treat tempts in the kitchen. What can go wrong with a pumpkin bar in hand? Thank you for the warmth, humor, and good eats that you share, Maureen.

**After School Matters Internship Program
Serves as a Model**

In the November 21, 2016 issue of the Detroit Free Press, After School Matters was featured. The paper described the organization as one whose internship and apprenticeship programs may serve as models for other cities. For the past three summers, Nash Brothers has had the privilege of hosting interns from After School Matters. Nash Brothers' involvement in the program was noted in the article. Please access the article through the link below to learn more details of the program and its many successes.

Safety News

On December 3, 2016, Nash Brothers will sponsor a training session for foremen, key laborers, and operators. The training will include safety requirements involving rigging, crane signals, and work zones.

Thank you to Nash Brothers, colleagues, friends, and family for contributing so generously to Misericordia. Your support of such an inspiring organization made the marathon an extremely rewarding experience.
